Veterans Celebrate Armistice

In Commemoration of Armistice, Strathmore Great War Veterans held a social evening in the King Edward dining room on Tuesday evening. In spite of the cold weather, there was a large attendance of veterans and their lady friends. The attendance of the country members being, however small, on account of the roads.

The first part of the evening took the form of a whist drive, the result of which was as follows: Ladies prize, Miss Christy, 15; Gentleman prize, Mr. Christy, 15; Gentleman prize, Mr. Christy, 15; Gentleman prize, Mr. Christy, 15. A fine musical program was rendered during the course of the evening, the artists being Miss Christy, Mrs. French, Mrs. G. H. Patrick, E. Richards, L. O. Lomax and Mrs. Murphy. All were in the best of form. These ladies and gentlemen have assisted the G.W.V.A. very much in the past by contributing to the concert programmes, and they were very heartily thanked.

After supper, presided by the "Bos" Williams and Mrs. Murphy, Mrs. Murphy spoke a few appropriate remarks on the nature of the occasion on which they were gathered together following which the piano was played by Mrs. Murphy. The piano was played by Mrs. Murphy.

The floor was then cleared, and a short dance was held, the music being furnished by Miss Christy, to whom special thanks are due, she having also provided the accompaniment for the musical programme. The gathering closed in the merriment of the "Add Lane Bye."

L. O. L. Meeting

The regular meeting of the Strathmore Orange Lodge was held in the hall last Tuesday night when James O'Rourke, Grand Master of Canada, was present on his official visit. There was a large attendance of members to meet the distinguished visitor and a splendid meeting resulted. At 8:20 with the assistance of some 20 invited guests the lodge was exemplified in a most satisfactory manner. The Grand Master gave a most interesting and instructive address on the principles of Orangeism, and several others spoke briefly. The event was thoroughly enjoyed by both members and guests.

Hurry News

Miss Mary Allan is visiting her brother, at H. Albion.

The Hard Times Dance on Armistice Night was well attended in spite of the cold weather, and a very lively time was spent. The music was rendered by Mr. and Mrs. Hattie and Mrs. W. A. who proved themselves to be efficient and were warmly thanked. The music was conducted by Miss Hattie and Mrs. W. A. who proved themselves to be efficient and were warmly thanked. The music was conducted by Miss Hattie and Mrs. W. A. who proved themselves to be efficient and were warmly thanked.

STRATHMORE SCHOOL DISTRICT NO. 1587

ANNUAL MEETING

Public notice is hereby given that the annual meeting of the ratepayers of Strathmore School District No. 1587 will be held in the Town Hall, Strathmore, on Thursday, November 27, 1919, for the purpose of receiving reports and discussing school matters generally.

Dated this 17th day of November 1919.
J. W. COPE
Secretary-Treasurer

MUNICIPAL AND SCHOOL ELECTIONS SHORTLY.

On Monday, December 1st, nominations for two vacancies on Strathmore Town Council and three vacancies on Strathmore School Board will take place. The two retiring members of the Council are Messrs T. E. Wright and H. J. Anderson. It is highly likely that Mr. Wright will seek re-election, as he is now located on his farm several miles out of town, and attendance at meetings is difficult. Mr. Anderson, however, will probably be in the running again.

With regard to the School Board, there are three vacancies, caused by the retirement of Chairman Seymour and Messrs Zerke and McDonald. It is understood that all these gentlemen are willing to stand again for re-election.

A public meeting of the electors of the Town of Strathmore is called for Monday, November 24th, for the purpose of hearing the reports of the various committees and the auditor's report. A public meeting of the school ratepayers will be held on Thursday, November 27th, for a similar purpose. It is hoped that the ratepayers will make a point of attending these meetings, as the Council and Board cannot feel that they have the proper backing of the ratepayers unless they take their opportunity of expressing themselves at the annual meeting.

Formal notice of these meetings and nominations will be found in our advertising columns.

A Basket Social and Dance at the Cairn Hill School, eight miles south of Strathmore on Thursday evening Nov. 29th.

Memorial Hall Strathmore Soldier Honored

St. Major Keirns, Strathmore, was among those present at a reunion, dinner of the 28th Battery Canadian Field Artillery, held at Lethbridge on the evening of November 16th, and received quite an ovation on rejoining his old comrades. The evening was a most enjoyable one, and was largely attended by old members of the battery.

The following regarding St. Major Keirns is from the Lethbridge Daily Herald:
That veteran and stalwart, St. Major Keirns, was present from Strathmore and received a cheering ovation. The old B.M. as he was popularly called, felt a proud man that night, once more with the boys of his dear old battery which he had to leave, through not being so young as he was after six months with them at the front.

Sergeant Keirns, though not on the list was compelled to make a speech, his old soldier was brimful of the feeling in his heart of the kind and welcome which he received and of the pride he had in the Battery.

Following in a list of subscriptions received within the past week by Mr. J. H. M. Martin:	
F. B.	10.00
N. E. Scheer	10.00
F. Osborne	10.00
Wm. Kiden	10.00
R. Bailey	10.00
Tom Bainford	10.00
G.W.V.A. Members	10.00
F. Brown	10.00
T. H. Rowe (Edmonton)	5.00

Quite a number of young folks around here spent an enjoyable evening on Friday at Ted Hare's, a real old time dance.

A dance will be held in the hall on Friday November 21st, 1919. Everybody welcome.

Miss Ella McKinnon is spending a few days in Calgary.

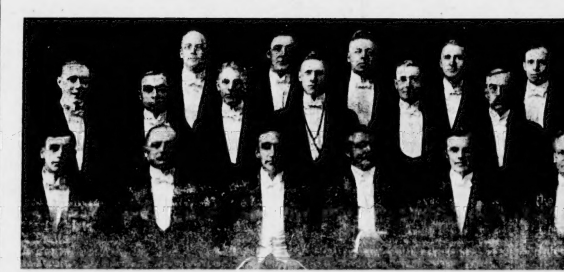

A Premium for Pure Bred Rams.

Any sheep raiser who purchases a pure bred registered ram of any recognized breed and registers the same in the Canadian National Live Stock Inventory is entitled for each registration for two in his own flock. The Government has previously used a pure bred registered ram shall be entitled to the annual premium of \$25.00 for two consecutive years provided he will comply with the regulations specified in pamphlet No. 9, "Instruction Concerning the Policy Regarding Pure Bred Rams."

Mr. J. H. M. Martin is a very successful sheep raiser, who has not previously used a pure bred ram, to use his own flock, and is now complying with the regulations specified in pamphlet No. 9, "Instruction Concerning the Policy Regarding Pure Bred Rams."

Mr. Johnston has been working at the U.G.O. elevator all fall, leaving to take charge of the company's elevator at Lethbridge, Alta. on a short C.P.R. branch, north of Coram. We join with his other friends in wishing him good luck and success.

A RARE TREAT FOR MUSIC LOVERS

The full Strathmore Musical Festival will be given in the Strathmore Town Hall on Saturday night, November 23rd. Everyone in the town and district should make a special effort to attend this concert on the 23rd.

The U.P.A. and U.P.W.A. will hold regular meetings every second Saturday night, the winter session. The next meeting is on Saturday Nov. 22.

There is a rumor that the management of Strathmore's Hall intention have the building used as a roller rink. Details later if we find that the rumor is correct.

We are indebted to Mr. Day for the facts and data mentioned in recording the early history of Strathmore.

P. M. Olsen is now conducting the repair shop at the Ford Garage.

Standard Notes

Brasfield Anderson will soon give a fine and temperance lecture; he expects to continue his work in the neighborhood through the winter months.

Strathmore War Memorial Hall

PROPOSED MEMORIAL HALL, STRATHMORE.

All that is wanted now to make the project an actuality, is your financial support. Over \$6,000 has already been raised and the balance should be raised within the next two weeks.

Remember the object of the Hall and subscribe generously.

Monday is to be the day set aside
by the celestials for the opening of
the new Yellow Peril Cake (formerly
White Lunch). It will be a question
of which one of the three children will
be the first to get started out.

John Johnson's assistant (Schneider)
has left for Calgary where he will con-
tinue his winter.

The younger set of Tuckers are put-
ting on a little playlet on American
Thanksgiving, Nov. 28th. It will be in
the nature of a debate the title being,
"Backwoods" Chapter. The cast in-
cludes Miss Mennie and Bernice Rich-
ards. A very social evening is promised
by those in charge of the entertain-
ment.

What is the attraction George Mey-
ers has found in Calgary. Bring her
out George and introduce us.

The barbell club are holding two
dances during December. On Dec. 5th,
a Good Old Time Whist Drive and
dance will be given. Square dances,
reels, minuet and all the more pop-
ular steps will be on the program. On
December 21st, a Watch Night Ball
will be given. Keep both dates open.

The first picture show given by Mr.
Braunton was given on last Tuesday
evening in the Rockford Town Hall.
The crowd was not up to expectations
owing to the date being wrong and the
advance notice too short. The next
picture will be shown on Wednesday
night and will continue to be shown
every Wednesday throughout the win-
ter months. It is up to the residents
of the district to put in an appearance
at these shows as the prices are right
and the best picture will be shown.

Carl Johnson and Fred Tidwell
accompanied by four of Carl's first-
est friends left for Canmore Wednes-
day. The plans of the two friends
are to hunt on their way back to Ro-
ckford. Here's hoping it is a pro-
sperous trip.

Government and the Returned Soldiers.

One year after the Armistice the
Canadian Government is protesting
its inability to raise £20,000,000 to
satisfy the returned soldier. This time
a year ago the men who are making
the request for consideration of their
claims were storming the gates of hell
and our legislators were exclaiming
that nothing was too good for them.
A year, apparently, makes a big dif-
ference.

The Committee appointed by the
Government rejected the reasonable
scheme proposed by the G.W.V.A.
which would give every soldier a
chance to be put on an even footing
financially with the people who stayed
at home, and put forward a scheme
of their own, which provided for a
series of duties, amounting to £20,000,
to be handed out in charity funds.
The men who will be required to do
this will be mostly those who died their
line away during the past summer,
and are now probably without funds.
An amendment was put before them
that the G.W.V.A. proposal be
rejected, and was strongly supported
but whenever the Government announced
that they would reject rather
than accept the amendment, there was
a general outcry for cover. The am-
endment was withdrawn, and the Gov-
ernment proposals passed without op-
position. The meaning of this is that
the members don't want to risk their
seats at the election, even to do the
right thing for the soldiers. The risk
is very real, for the recent elections
show that the Government has not the
confidence of the country, and that
the majority of the present members
would not be re-elected.

If the Government had decided, as
they might well have done, to make
an issue of Victory Bonds to the sol-
diers, they would have probably satis-
fied the soldiers, and would not have
impaird the financial standing of the
country.

When the war started, the slogan
was "Fight or Pay." So far as the sol-
diers concerned, it seems to be
"Fight and Pay." For Canada's share
for the war has been mostly raised
by loans. Like the present Victory
Loan. With the exception of taxes on
cheques and matches there is very lit-
tle evidence of any taxation additional
to that before the war, and the cost
still remains to be paid.

The question will not be settled
until the soldiers get a square deal.
They know that the country is behind
them, even though the members of
parliament, afraid of the threat of
losing their seasonal indemnities,
have been willing to submit, and they
will continue to fight for
reduction of their grievances.

There have been enormous profits
made by many during the war. It
should still be possible to get at these
profits, for no one had a right to
make profit out of the world's mis-
fortune. The remarks of Lord Beaverbrook,
made recently in a similar discussion
in the British House of Lords are very
applicable:

"It looks like an outrage to ask the
men who fired the shells at the enemy
to come home and pay for them, too,
and it amounts to asking the children
of them who gave lives to be satis-
fied with paying for them also."

Chancellor Notes

Mr. John Dyer journeyed to Calgary on Thursday's train.

The latest development in the sub-mergence lot on the Veterans Memorial is the arrival of the substantial masonry of the Lawson tanks in the shape of a mare with its colt. The mare is being brought home by the committee this week and it is their intention of raising some at an early opportunity.

Notification and purchase of the title will be published in due course and it is hoped that early sale of the committee by taking part in the raise, in appreciation both the value and the Lawson tanks and also the cause to which the money will be used.

The proposed price of the tanks is \$150 so that some lucky person will be getting two head of good stock for a dollar. Take your chance with the rest.

"Stanny" Hauge's school is making good progress since the capital was agreed to by the teacher, H. Falk, with an attendance roll of twenty-eight pupils.

The dance at Standard was well attended by the "Chancellor Ladies Friends" and strange to relate they returned safely home without a single mishap. Winners will never cease.

H. W. Atkins had a curious cat the slipped in on the, via, Calgary.

Fred Crowe had two saddle horses imported via Lussano on October 2nd. Why do all avoid "Chancellor" shipping point—why wonder.

Harry Channey was about a visitor in Standard yesterday, but for the fact that the "Ford" would only hit on dave.

Wm. Bartlett has returned from his trip to the States.

Mrs. W. Malcolm has returned from her trip to Calgary.

A real good time was spent by all those who attended the chicken supper and dance at C. Gorgens's on Halloween night. Again Jimmie Hill was in prominence with his orchestra.

We welcome Johnnie Shaver back from his trip to U. C.

A Ford has the reputation of diminishing in its component parts during the course of its depreciation rather than increasing, but Bill Malcolm has discovered in a practical way that by leaving the water in over night, the said component parts have a tendency to increase and prove the exception to the rule. It is now being repaired the cracks and joining up the pieces, and it is said, by some, that the Lizzie will again be running by next summer.

The threshing outfit in the locality are still making repeated attempts to "get under way," during the short breaks in the weather as there is still a considerable amount of grain in the stacks.

Grain hauling, too, is still in progress.

Long Beach Items

The Ladies Aid of the Standard Union Church will meet with Mrs. Walter on Thursday, Nov. 14. All members are requested to be present. Bill Kelly departed a few days ago for Chesholm where he will attend the Agricultural Show during the winter months.

Miss W. Gibson will leave soon for a visit with relatives and friends in the State of Arkansas and other points.

Ray Schoening and Roy Hume left this week for a warmer climate down the border, they are billed for old Missouri and W. B. Balch departed last Sunday for the Peace River country where they go to kill big game such as moose, bear and possibly buffalo. Chance are if they bring home any the first trip it will be one someone else had to fill out.

C. P. Dahl made a business trip to Calgary last Saturday and Sunday. Miss Frances and H. Fluke spent the week end in Calgary, taking in the movies.

The Long Beach school under the direction of the teacher, Miss Meyer, are preparing a big program and Christmas entertainment to be given some during the holidays. More details will be issued later in the Enterprise.

A. C. Lind has just completed a dandy new barn on his place, one of the most modern of the area. Such a barn would be a credit to any man's farm.

S. J. Francis just completed a marble shed and garage, which adds greatly to the appearance of his place as well as it will increase the life of his machinery by many years.

L. P. Schoening has disbanded his threshing crew at Huxar and is now back on his ranch taking care of his pigs and chickens and picking over his potato crop.

He intends a little later to take a trip to the States, and Paul Hume will be promoted from street-lane to boss for the winter, (only).

Numerous skaters are sending their way to the sheet of ice on the creek these days.

The Enterprise for all kinds of job printing.

The marriage of Miss Serena Peterson and Mr. Thorwald Nielsen took place November 10th and the happy couple are spending their honeymoon at the St. Regis.

Peter Dahl is leaving Calgary tonight for Honolulu.

Seen at the St. Regis—Miss Frances, Mr. Fenske, Mr. Mangrove, Chris Dahl, then at the Palladium, Capt. Munch, Koford Hansen and Fred Drancher.

Local Notings

Two carloads of coal arrived in Town Monday, and alleviated the coal shortage to a considerable extent.

Mr. Pelger and family and last sister, Mrs. Leinen, arrived from New Brunswick last week to join Mr. Pelger who is in the employ of the Bow Valley Supply Co. They are at present staying with Mrs. Anne Martin.

With the winter weather now on, the school teacher would have been reassured on a number of occasions, Mrs. Leinen, arrived from New Brunswick last week to join Mr. Pelger who is in the employ of the Bow Valley Supply Co. They are at present staying with Mrs. Anne Martin.

We hear that there is a possibility of the Maple Leaf Hotel, which has been closed since its completion, come into effect, being converted into a modern steam heated hotel.

An intelligent member of the advice in the Standard will be glad to hear weekly. The merchant who advertises is not inclined to let his prices be lowered and even a small competition.

We, the Methodist Ladies Aid are anxious that you should be glad to do so. Our dinner on November 27th at 6:30 p.m. a real good chicken dinner will be waiting for your approval. By such a turn to the Hotel dining room, an agreeable host will be a side attraction.

In the case reported last week, of the local merchant against whom a writ was taken on the ground that he had had his land under mortgage, the statement made that he was owed \$250 and costs was incorrect. The writ was dissolved, there being no time fixed.

The remarkable slight was witnessed last week of stocks being hauled in details from the fields to the threshing machines. The possibility of Alberta are not yet exhausted.

Another soldier who has seen long term of service with the Imperial forces arrived here last week, and is now staying with Mr. Joe Hutton. His name is Mr. Ernest Howard, son of the late Mr. Howard, and he was formerly a member of the King's Own Yorkshire Light Infantry, and the Northumberland Fusiliers, being gassed and wounded.

Mrs. Seave was here on a visit from Drumheller last week.

Mr. and Mrs. Fisher, formerly of Regina, are here, and a few days ago last week renewing old acquaintances. They are on the way back to Victoria from Regina where they have been spending the summer. Both are feeling much the better of their holiday. During their stay here they were the guests of Mr. and Mrs. Schulte.

"I will be at the Hotel, Strathmore on November 27-28. All work unimportant. An thoroughly acquainted with the latest painless method known to dental profession. Prices less than city prices."

Dr. J. W. MacQueen.

Keep this date in your mind, Dec. 15th, Monday. On this date the G.M.V. A. are giving a splendid Vaudeville Concert under the direction of Eric Richards who has been able to secure some new talent. This concert will eclipse anything of its kind that has ever been seen in Strathmore before. The concert will be followed by a dance and the proceeds will be devoted to the Memorial Hall.

Come and bring your best gift to the children's supper and bazaar at 6:30 p.m. Hotel dining room on Nov. 27th served by the Methodist Ladies Aid.

Moore Layzell and Burns, as well as seen from our ad, editors are holding a big horse sale at the Alberta Stockyards, Calgary, on Thursday, November 27-28. Horse of good quality are being offered, and this will be a good opportunity for anyone who wishes to make a good buy in preparation for next spring's work.

In your subscription to the Standard does or overdo? You can easily find out by looking at the Standard which is posted on your copy. It gives the last two numbers of the year on which your subscription expires. Thus if after your name you find "Dec. 19" you will understand that your paper expires next month. If your date is any thing earlier than that the proper procedure to adopt is to fish out a dollar and a half and have it in to the Standard. We have spent a lot of money lately in order to be able to give you a first class paper, and prompt payment of subscriptions is necessary to secure the revenue to continue it.

The School Board

The regular meeting of the Strathmore School Board was held on Thursday last, all the members being present.

The financial report, presented by the chairman, Mr. Steyn, showed the Board were well within their estimate for the year, 1920 was the amount estimated for the regular months of the school within the current year, and the present showing is that there will be a balance of \$140 available after paying teacher's salaries, salaries of the staff, and the cost of the year of course, there are some other items coming up before the end of the year, but the Board consider that they are well within the estimate.

It was reported that the normal school, which had been closed, as well as the extra teaching system, to allow for the housing of the two extra rooms, was working very satisfactorily, and that the extra was being continued until further notice.

Electing coming soon. The Secretary stated that the election of trustees would be coming and shortly, the retiring members were Chairman E. H. Macdonald, and Trustees W. H. and Macdonald.

It was suggested that it would be a good idea to hold the public meeting of extra-curricular which is held every year previous to the meeting, on some evening previous to the meeting, rather than on the morning of the meeting, as there was very little time for their discussion. This was agreed to. It was left to Trustee Macdonald to arrange for the date of the meeting.

It was decided to arrange for the school windows to be placed on the windows of the upper rooms in the school, these rooms having suffered during the recent cold spell.

The Weather

Weather conditions underwent a decided change for the better last week, when a pronounced chinook came along, and within the last three or four days most of the snow has disappeared.

Threshing has been resumed in some places, but is not yet general as the grain in many cases is still wet and the farmers do not feel justified in taking the risk. The break in the weather is a decided advantage to stockmen, as the prolonged cold spell had caused them unprepared with winter feed.

THE MUNICIPAL ELECTIONS

On the 1st, December nominations will take place for the election of two Councillors for the Town of Strathmore. There has been for some time a need of new blood on the Town Council, but whether two new men will be enough to quicken the action of the Council is doubtful. The trouble, we believe, has arisen from the apathy of the ratepayers. Last year there was no contested election, and in fact, it was difficult to secure Councillors at all.

This year the prospects for progress in the town and district are great, but it needs a live Council to make the town attractive. A good start was made in the past with the improvement of the park and the construction of a complete system of sidewalks, but since then there has been inertia. Last year not a cent was spent on park upkeep or improvement.

An electric light system is wanted badly. There are at present more than a dozen private lighting outfits manufacturing light, but these are expensive to operate and there should be one central system for the town. It would cost money, but it would be worth it. There is also need for vigorous policy of tax collection. Men who have been living continuously in the town for the past four years have paid no taxes at all. Naturally, this cripples the town's finances, and it annoys the people who do pay their taxes regularly.

Men who show enterprise in the running of their own business are the men who are wanted on the Council. The man who does business on the same lines as his grandfather did before him is not a suitable man to run the affairs of a growing town. Hence we regret that there are not more vacancies on the Council at the present time.

A WORD FOR OURSELVES

Since resuming business here at the beginning of February, the management of the Standard has done its best to improve the quality of the Standard, typographically and otherwise. We have just completed a series of plant improvements, which will enable us to print one of the best country weeklies in Alberta. Within the past two months we have installed an Intertype typesetting machine, a Fairbanks Morse gasoline engine, and a generator which enables us to manufacture our own electric light.

The re-establishment process has been an arduous one but we have had the support of the people of the town and district generally, in subscriptions, advertising, and job work, and we are now in a position to give them service that cannot be excelled anywhere. Therefore we hope that this patronage will be continued and extended, and will endeavor to serve the town and district to the best of our ability.

Rockyford Reflections

The village will soon be in its second year of incorporation and the responsibility of electing a new council will once more rest with our people.

Let us heed last year's lesson and review our past errors. Our chief mistake in the last election was that most of the electors confined personal ability with ability, as though a man may be a good fellow, in the popular estimation, if we are to strive for a better and bigger town and better living conditions in Rockyford let us forget personalities and elect to govern the village policy, men with intellectual ability that will set them apart from the rest of the town.

Let us improve the village by the way of improvements and stand by them. It is usually accepted that men will govern themselves by circumstances as they develop. That is practical politics and in consequence is the policy of "wait and see" policy. Let the electors resolve to elect men that will formulate a practical policy for the work that must be accomplished in Rockyford next year, and have sufficient determination to have it executed, and with standing opposition of the part of the influential few interested, equally with the policy followed. There are always a few men in each community who forget themselves as policy or reform through a natural spirit of opposition, and in most cases a second nature of conservatism. It is the duty of the community to see that these few pessimists do not interfere with the progressive policy of our village.

Nominations will be with us the first week in December and it is the duty of every good citizen to review in his estimation and best judgment three men, who by their past experience, ability, and success in their life struggle would be most suitable for the work entrusted to them; to build up a better, and brighter community.

The population of Rockyford is increasing very rapidly and it will be the duty of the new council to improve the village conditions by improving the distribution of milk and owing to the constantly increasing number of births in the village which apparently is not at an end. Judging from possibilities, the milk question will no doubt become serious during the summer months, and it will be the duty of the council to supervise the sale and distribution of milk to the dairymen that the necessary quantities needed for the child nutrition be furnished in pastured and sealed cans containing the necessary percentage of cream required for the proper feeding of the children. Personally, I am a sample of the milk sold for the above purpose in the Benjamin Ben-erologist at Calgary to be analyzed.

The second important question that will have to be solved by the new council will be the water supply, as although the provincial health inspector has introduced the use of water from the railway tank owing to its unsanitary condition. The water supplied by the district is entirely drawn from the railway water tank, endangering the life of the community through the possible outbreak at any moment on an epidemic of typhoid fever.

Fred Davis Favors Farmers

Pleased with result of Cochrane Election.

Fred Davis, member of the legislature from Glenora, and Andrew Gilmore, member of legislature from Lacombe, who were both credited with longitudes of desecrating the opposition side in the legislature and lining up with the independents at the next election, gave equally long replies today to the suggestions.

The first I know of any such idea, said Mr. Davis, today, was when I read it in a local paper. It was news to me.

I have just returned today from Ontario where I have been on a business and pleasure trip combined, said Mr. Gilmore, and so I left Alberta last September. I certainly have no time to be doing anything in Alberta politics. I have nothing about the subject.

I have just returned today from Ontario where I have been on a business and pleasure trip combined, said Mr. Gilmore, and so I left Alberta last September. I certainly have no time to be doing anything in Alberta politics. I have nothing about the subject.

NORTHERN ALBERTA

In the Provinces of the Dominion there is no territory that appeals more to the men of vision than that of Northern Alberta.

These countess souls who are great with highways, connected Edmonton with Calgary, Peace River, Spirit River and Grande Prairie, were the first to reveal the tremendous opportunities this country offers in its agricultural lands, minerals, forests and fisheries.

The returned soldier-farmer is pursuing this way further to his heart's content on vacant Dominion lands and to reap wonderful crops from the remarkably fertile soil. Lands that afford good grazing for cattle are being quickly taken up. With its excellent pastures, Northern Alberta has a great future in the raising of live stock and thanks to the prevalence of the dry warm climate, which the snow never attains a great depth and consequently disappears very early in the spring.

The mineralogist and prospector have been attracted by the natural possibilities, but they have discovered as yet but a glimpse into the hidden treasures. Lode gold, iron and nickel have been found in the northwestern shore of Lake Athabasca. The Rocky Mountains, which have Hudson Bay, have some of the most valuable and fine coal measures of probability in the continent.

Time viceroy and on the headwaters of Peace River and on the headwaters of the Peace and Slave rivers, and some beds 20 to 60 feet in thickness are exposed for miles from Point. But it is the discovery of the natural resources that tremendous possibilities contain in the latest Alberta and Canada but the whole world. In Northern Alberta and the territory of the Mackenzie basin lies an exceedingly large area of possible oil-bearing country that has been discovered by the geologists of the two of the great oil companies of the world will be followed with the most interest.

Among other assets of the northern region must be mentioned the great fish water fisheries. The commercial fisheries established at Lake Athabasca and Lake Athabasca are making excellent progress in their output of whitefish, pike and pickerel.

A new edition of the Northern Alberta Homestead Map by the Department of the Interior, Ottawa, is a very propitious time. A comparison with previous issues makes very apparent the increased knowledge that has been acquired about this area and shows the gradual expansion of human settlements. Not only has the map been revised to include the areas that are now being so much favoured by settlers at Athabasca, Peace River, Spirit River, and Lethbridge and High Prairie districts. Here and there on the map are seen patches of dark green indicative of grazing lands, which through the regions all these lands show in light yellow are still available to the returned soldier.

A copy of this map and other publications regarding climate, transportation facilities, culture and so on, may be obtained free of charge upon application to the Superintendent, Natural Resources Intelligence Branch, Department of the Interior, Ottawa.

MUNICIPAL ELECTIONS 1918.

Town of Strathmore.

Public notice is hereby given that a Meeting of the Electors of the Town of Strathmore, to be held at the Town Hall, Strathmore, on Monday the 1st day of December, 1918, from eleven o'clock noon to five o'clock noon, for the purpose of nominating candidates for the office of Councilman for the next two years. Given under my hand at Strathmore, this 17th day of November 1918.

F. R. LILLY, Returning Officer.

A Meeting will be held at the same hour and place for the nomination of candidates for the office of Trustee of Strathmore School District No. 124.

TOWN OF STRATHMORE

NOTICE OF ANNUAL MEETING

Public Notice is hereby given that a meeting of the electors of the Town of Strathmore, to be held at the Town Hall, Strathmore, on Monday, the 24th day of November, 1918, at eight o'clock noon, for the purpose of electing the Auditors of the Finance of the Town of the preceding 31st day of October and for the purpose of receiving the reports of the chairman of the various committees of the Council.

Dated at Strathmore this 17th day of November, 1918.

F. R. LILLY, Secretary-Treasurer

Why We Claim to be Pioneers in the West

As a Western institution our Bank appeals particularly to the agricultural interests of the Prairie Provinces. Our first country branch was opened in 1886 and we have consistently followed a policy of extending our rural connections with the growth of settlement. We claim to have been of material assistance to agricultural communities in days of their their resources, and in carrying them to their door drop seasons.

Three million dollars for a phonograph!

That's what it cost to perfect the only instrument that RE-CREATES music so faithfully that no one can tell whether it is the living artist he hears or the recording — when one is heard in direct comparison with the other. Add to that three million dollars, Thomas A. Edison's genius, his vast knowledge and his indomitable will and you realize how much was required to make

The NEW EDISON

"The Phonograph with a Soul"

"Now go ahead and build replicas," said Edison to his staff when he had finally achieved an instrument which would meet the tone test. "Call it the Official Laboratory Model and uphold the standards I have set to the last detail."

This three million dollar Phonograph is on display here—come in and hear it.

Ask for a copy of the beautiful book "Edison and Music" and the booklet "What the Critics Say," which proves Edison's superiority.

W. M. Marshall, - Strathmore, Alta.
